Student Services Mission
We support student learning & community engagement. We advocate for access, educational equity & social justice in a diverse learning environment. We empower students to achieve their educational, personal & career goals.
Highline College offers a wide range of services designed to promote student attainment and academic success.

These programs and resources help students meet their academic and career and engage in the college community, and manage financial and personal challenges.

“Listen to students with ideas and help them realize them.
Listen to students with problems and help create solutions for them.”

(Harper/Hurtado)
NASPA—Creating Inclusive Campus Environments

Access Services
Provides support to qualified students with disabilities, including accessible facilities, ASL interpreters, specialized equipment, alternative format textbooks, note-taking assistance, disability parking, registration assistance and orientations.
